

#PostFromTheFuture

Vienna 2040 – Competition

Imagine you travel in time to Vienna in the year 2040, which is the most climate-friendly and livable city of the future. The climate crisis seems to be solved – how did we manage that? **Send a postcard to the year 2021 and tell us about your impressions from the future!**

What has changed? How do people live? How do they get around? How do they organize their everyday life and their cohabitation? What can we do today to make Vienna look like this in 2040?

We are particularly interested in the topics: Housing and Living, Energy and Transportation, Neighbourhood, Diversity and Community. We welcome submissions in all languages! Design your postcard in a style and language you feel comfortable with.

Great prizes are awaiting you!

The prizes you stand the chance to win include

- 1x voucher worth a Wiener Linien annual pass (365€)
- 1x voucher for a weekend in a Wohnwagon-Caravan for 2 persons (220€)
- 1x 80€ voucher for a bicycle shop
- 2x 50€ voucher for organic vegetable boxes by Adamah
- 5x 20€ voucher for rentals at Leila

Your postcard has:

- Size: DIN A6 - 10,5 x 14,8 cm (standard postcard)
- A creatively designed front side (portrait or landscape format), for example: photos, drawings, paintings, text, collage or similar, it can be digital or on paper.
- A back side with your message, handwritten or typed. All languages are welcome!

Participation Requirements:

- You are over 18 years old
- You live in Austria

You don't have to have any special artistic skills to participate!

Send us your entry until 02.05.2021

... via mail to
Kennwort: PostAusDerZukunft
Postfach 0020
1182 Wien

... via E-Mail to
postausderzukunft@gmail.com
(digital or scanned)

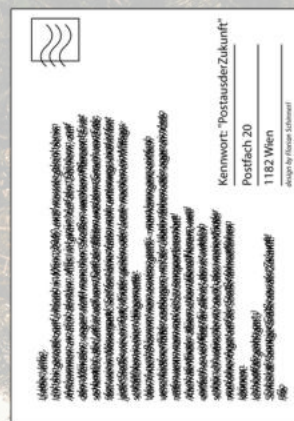

Don't forget to include your name, date of birth and a contact (e-mail or phone number)!

#PostFromTheFuture

Vienna 2040 – Competition

A selection of the entries chosen by a jury will be presented in June in a planned exhibition, and postcards will be printed and distributed with selected motifs – you might get to show people what everyone can do for a better future! In case your artwork is not digital and it will be selected, we can help you digitize it!

Here's an example of what your postcard might look like:

Tip! At Canva.com you can easily create a digital card [using this link](#).

About us:

This competition is part of a students' project within the Sustainability Challenge in cooperation with klimaaktiv, the BMK's climate protection initiative. We want to use creative methods to contribute to a culturally diverse exchange on climate issues and make the topic of climate change more tangible for everyone.

Please make sure that the postcard designed by you does not violate any copyright or personal rights.

By participating in the competition, you agree to the conditions of participation and privacy policy.
